The opinions expressed by the journal’s authors are not necessarily those of the Board of Directors, staff, or members of Epsilon Pi Tau.

Two print issues per year are mailed to all members of the society and to academic and general libraries around the globe. Issues that are published online only, the aforementioned printed issues, and print issues are available free online at scholarly.lib.vt.edu/journal/JTS.

The journal is currently indexed in: Current Index to Journals of Education (USA); International Bibliography of the Social Sciences (IBSS) (UK); and the International Vocational Education and Training Database (Australia).

Separate articles or complete issues are also available in a variety of media forms from: ProQuest Information and Learning Co., P.O. Box 1346, Ann Arbor, MI 48106-1346

OE: EBSCo Publishing, 10 Estes Street, Ipswich, Massachusetts, 01938-0682, USA.

The JTS welcomes original manuscripts from scholars worldwide focused on the depth and breadth of technology as practiced and understood past, present, and future. Epsilon Pi Tau, as perhaps the most comprehensive honor society among the technology professions, seeks to provide up-to-date and insightful knowledge to its increasingly diverse membership as well as the broader public. Authors need not be members of the society in order to submit manuscripts for consideration. Contributions from both academics and practitioners are equally welcome.

A general guide to the breadth of topics of potential interest to our readers can be gained by consideration of the 17 subclasses within “Technology” of the classification scheme of the Library of Congress, USA – http://scholar.lib.vt.edu/ejournals/JTS/ (Virginia Tech’s scholarly communications project) • http://www.ncver.edu.au • http://www.EpsilonPiTau.org
