

# Acknowledgements

First, I must thank my wife Juan Ouyang for all the support over the last year we spent in Blacksburg. I would like to give special thanks for her love, care, sacrifice and understanding.

Next, I would like to thank my supervisor Dr. M.R. Hajj. I am extremely grateful to his extensive help with all of my work.

I am also grateful to Prof. D.T. Mook, who initiated the project for my thesis and gave a lot of useful advice for my work.

I want to thank Prof. S.A. Ragab for all his valuable advice.
